Dear Reader,

In just 8 short days, we will begin our 2017-2018 school year. I cannot believe how fast time flies. We've made changes to some of our curricula, updated our website, added some great features that will hopefully keep us on task, and hopefully, encourage you to incorporate organization in your homeschool!

With that being said, this newsletter will be relatively brief in content, as we prepare for our first week back to school!

Have a safe and wonderful remainder of your summer!

Inside this Issue...

- Updates on the blog Pg. 1
- Homeschool News Pg. 2

Homeschool News

Economics in Homeschool

How can homeschool families encourage a money-conscious and thrifty shopper? By incorporating economics into the homeschool day.

This year, for economics, we are including several “learning days” in which we focus on economics. I’m not talking about random research into the stock market, but rather, frugal, adulting skills needed to properly manage a budget.

As such, we are including the following lessons:

- Money Orders
- Writing a Check
- Balancing a Checkbook
- Figuring Interest in Savings
- Making a Budget
- Adjusting a Budget

Likewise, with these skills, we are beginning to incorporate the following home economics skills with a focus in dietary health, such as:

- Creating a Healthy Menu
- Reading Dietary Labels
- Understanding the Fats
- Making More for Less (Comparative Shopping)
- Couponing

Hands-On Skills will include:

- Prepping Ingredients
- Reading a Recipe
- Understanding Fluid Oz and Solid Oz
- Creating a low-calorie meal
- Naming Kitchen Utensils and Small Appliances
- Knife safety
- Preventing food-borne illness and cross-contamination

Quick Hacks!

Rubbing Alcohol! It’s for more than just cleaning a wound. Use rubbing alcohol to:

- Sanitize door knobs and countertops
- Clean eye glass lenses
- Remove permanent marker
- Kills bedbugs on contact

Encouragement

“Never stop being more than what society tells you to be. You are the drummer of your own beat!”

Break away from the norm and try something new this month!
