

Student Observation Record

Teacher Initials: _____

Dear Homeschool mom and dad,

This document was created by me to aid in helping my children. By observing their learning habits on a weekly basis, I am able to better assist them with their study techniques, answer questions they may have, or to simply watch them learn.

Feel free to download the following document to use within your family's homeschool.

The second page of the document provides an opportunity to note how your child(ren) are doing within their learning. Because we are somewhat eclectic when it comes to our children, mom is the teacher and dad is the principal. Feel free to modify this document as you need to in order to better suit your family's needs.

Please do not host this document on any website or provide a direct link to anyone without crediting *Generation Homeschool @ Evans Homeschool Academy*.
Should you need to host the document, please contact me prior to doing so. It is a common courtesy and respectful to do so.

If you would like to share the link to our blog, please do. <http://www.homeschoolme.weebly.com>

Thank you
LaVonda
